Input View (New Report) - This view enables the designated user to record new damage reports for the survey area.

The screenshot shows a web form titled "New Record" with a blue header. Below the header are four buttons: "Save" (highlighted in blue), "Spell Check", "Cancel", and "Retrieve Record". A "Report As" dropdown menu is set to "Joan E. Koss". The form contains several input fields: "Street Address" (text box), "Type of Damage" (dropdown menu), "Type of Structure" (dropdown menu), "Action Taken" (large text area with a scrollbar), and "Priority" (dropdown menu).

Default Features

- *Spell Check* button to ensure correct spelling
- Drop down lists to maintain data consistency.
