Supported Specialty WebEOC Boards

Inventory Board - Disposable (Version 1.0)   *Incident Independent*

Description: The Disposable Inventory board records items that are disposable and the quantities deployed.

Views: This board offers a list view and an input/edit view for recording inventory information. This board also provides an entry/edit view for deploying the item or reviewing deployment history.

List View - This view lists all tracked disposable inventory.

Default Features:

- *Search* capability on the Item Name, Storage Location and Vehicle for a specified value
- Sort capability on the Item Name, Location, and Item Category by clicking on the corresponding column header/field title.
- New record creation by clicking the *New Item* button
- Record editing through the *Edit* link
- Deployment capability through the *Deployments* link
- *Details* button to see additional details for the corresponding item
- Listing of all deployments for the past year (365 days)
- *Reorder Only* feature to view the inventory that has reached reorder status
- Print to PDF capability from the Actions dropdown

Variations: Fairfax County has a version of this board that does not track the cost per unit.

Supported Specialty WebEOC Boards

Input (Edit) View – This view enables the user to record or edit item information.

Item Name	
Category	[dropdown]
Additional Amount	
Cost Per Unit	($)
Reorder Threshold	
Reordered	☐
Storage Location	[dropdown]
Vehicle	[dropdown]
Notes	
Add Notes	[text area]

Default Features:
- Drop down list to maintain data consistency
- Notes field for additional information with update code to document who made the entry.
- Check box to indicate the item has been reordered
- Ability to indicate the new amount added to inventory

Variations: Fairfax County's version includes an expiration date field.

Deployment List – This view enables the user to view all the deployments for an item for the past two months as well as add a new deployment record.

Training - 2018
