Supported Specialty WebEOC Boards

Training, Exercise and Drill (TED) board (Version 1.0)   *Incident Independent*

Description: This board captures people/staff and Training, Exercise and Drill (TED) information that can be used together to track TED history.

Special Note: This board utilizes special server side code that must be installed prior to usage.

Views: There is a main list view for this board along with two supporting list views. This board was designed as an administrative tool so no view only displays are provided.

List View – This list displays the individuals and the TEDs they have participated in or completed.
