Public Message Board	Version 1.0	Incident Independent Based																																			
<p>Description: This board provides a mechanism to create, edit, publish, and manage a variety of messages used by the Public Information Officer and Major Event Hotline staff to provide up-to-date information to the public.</p>																																					
<p>Views: This board uses two list views for displaying the same information. The Edit view is for creation, removal and editing of data. The View displays the data with no add or edit capability.</p>																																					
<p>List View – This view displays the message status, category, subject and description for the message.</p>																																					
 <p>The screenshot shows the 'Loudoun County Public Message' interface. It includes a 'New' button, a search bar with 'Search' and 'Clear Search' buttons, and filter options for 'Filter By Category' and 'Filter By Status'. Below the search area is a table with the following data:</p> <table border="1"> <thead> <tr> <th>Record ID</th> <th>Status</th> <th>Category</th> <th>Subject</th> <th>Description</th> <th>Last Update</th> <th>Action</th> </tr> </thead> <tbody> <tr> <td>23</td> <td>Active Only</td> <td>Winter Weather</td> <td>Snow</td> <td>No more snow.... ..</td> <td>04/05/2016 13:04:50</td> <td>Edit Details</td> </tr> <tr> <td>22</td> <td>Active Only</td> <td>Gov't Services</td> <td>Government Closed</td> <td>County Administrator Tim Hemstreet has announced ...</td> <td>04/01/2016 14:05:24</td> <td>Edit Details</td> </tr> <tr> <td>21</td> <td>Inactive Only</td> <td>Flooding</td> <td>Test entry</td> <td>This is a test ...</td> <td>03/31/2016 14:09:28</td> <td>Edit Details</td> </tr> <tr> <td>1</td> <td>Active Only</td> <td>Earthquake</td> <td>Heavy snow</td> <td>Metus feugiat, gravida risus sed, diam sodales ju ...</td> <td>03/31/2016 13:02:11</td> <td>Edit Details</td> </tr> </tbody> </table>			Record ID	Status	Category	Subject	Description	Last Update	Action	23	Active Only	Winter Weather	Snow	No more snow.... ..	04/05/2016 13:04:50	Edit Details	22	Active Only	Gov't Services	Government Closed	County Administrator Tim Hemstreet has announced ...	04/01/2016 14:05:24	Edit Details	21	Inactive Only	Flooding	Test entry	This is a test ...	03/31/2016 14:09:28	Edit Details	1	Active Only	Earthquake	Heavy snow	Metus feugiat, gravida risus sed, diam sodales ju ...	03/31/2016 13:02:11	Edit Details

<p>Variations: None</p>																																					

Supported Specialty WebEOC Boards

Input View – This view enables the user to enter and edit the public information data. The user can give the message a status and place it into a category for later sorting and referencing as well as specify how the message was distributed.

The screenshot shows a web form titled "New Record". At the top left are "Save" and "Cancel" buttons. Below them are several input fields: "Status" (a dropdown menu), "Category" (a dropdown menu), "Subject" (a text input), "Description" (a large text area with scrollbars), "Link" (a text input), "Notes" (a large text area with scrollbars), and "Date/Time Last Published" (a date/time picker). At the bottom, there is a "Message Distribution" section with a list of checkboxes: "Social Media", "Media Release", "Website", "Alert Loudoun", "Hotline Only", and "All".

Default Features

- Drop down lists to maintain data consistency
- Date/Time picker to ensure proper date format.
- Checkboxes to quickly select the method(s) the message was shared.

Variations: None
