Severe Weather Notification Board Version 1.0 Incident Independent Based

Description: This board provides a mechanism to manage and document the notification process that OEM is responsible for whenever the County has a change in its operating status.

Views: This board uses multiple list views for displaying the same information. They vary in the buttons available based on access permissions.

List View – This view displays the government status due to a severe weather event with access to the various notification groups to indicate the action taken.

Record ID	For Date	Status of Government	Name	Last Update	Action
52	03/25/2016	Open with Unscheduled Leave		04/05/2016 12:57:52	Edit Edit Notifications Details
1	03/25/2016	Closed		03/25/2016 15:34:03	Edit Edit Notifications Details
13	03/25/2016	Open with Unscheduled Leave		03/25/2016 15:07:53	Edit Edit Notifications Details

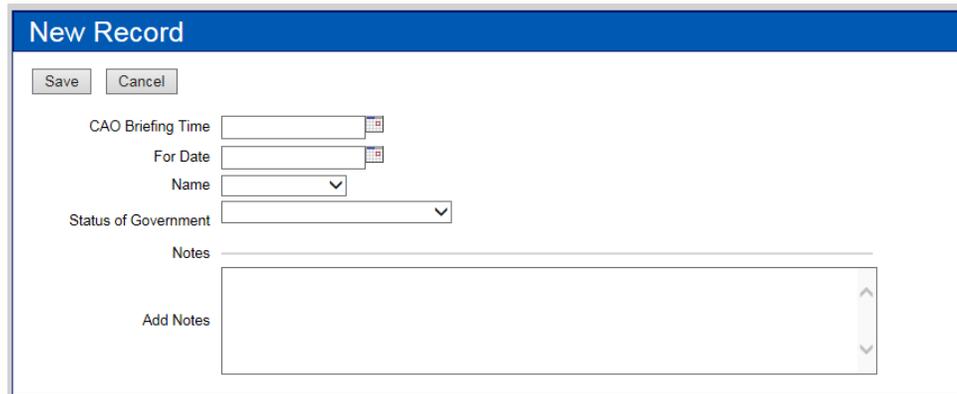

Default Features

- *Edit* button to modify a government status information due to a severe weather notification. (This feature is not available on the read only list view.)
- Status background colors for easy identification of record status
- *New Record* button to create a new entry. (This feature is not available on the read only list view.)
- *Details* button to display only the government status record.
- *Edit Notifications* to record the various entities that may need notification.
- *Search* capability on the Name, Facilities Closed, Describe Status, Notes, Government Status and For Date.
- *Filter* on the government status field options.

Variations: None

Input View – This view enables the user to enter and edit the government status information resulting from a severe weather event and the various dates and who recorded the information along with any pertinent notes.

The screenshot shows a web form titled "New Record" with a blue header. Below the header are two buttons: "Save" and "Cancel". The form contains several input fields: "CAO Briefing Time" and "For Date" are date/time pickers; "Name" is a text input with a dropdown arrow; "Status of Government" is a dropdown menu; "Notes" is a large text area with a vertical scrollbar; and "Add Notes" is a smaller text area below the main notes field.

Default Features

- Drop down lists to maintain data consistency
- Date/Time picker to ensure proper date format.

Variations: None
