

# NCR Fusion Supported WebEOC Boards

NCR Resource Manager	<i>Incident Independent</i>										
<p><b>Description:</b> The NCR Resource Manager board enables jurisdictions/users to document their resources. The board guides the user through typing the resource based on its capabilities.</p>											
<p><b>Views:</b> This board offers a list view for inputs/edits to each jurisdiction as well as a read only list.</p>											
<p><b>List View</b> - This view lists all resources for the jurisdiction.</p>											
 <p>The screenshot shows the 'NCR WebEOC 2016' interface for 'City of Fairfax Resources'. It features a search bar, filters for 'CAD Deployable' (set to 'All') and 'Defined?' (set to 'All'), and a table of resources. The table has the following data:</p> <table border="1"> <thead> <tr> <th>Resource Name</th> <th>Resource Type</th> <th>Status</th> <th>Jurisdiction</th> <th>Action</th> </tr> </thead> <tbody> <tr> <td>Aerial Apparatus, Fire</td> <td>1</td> <td>Available</td> <td>Fairfax City</td> <td>Edit, Details</td> </tr> </tbody> </table>		Resource Name	Resource Type	Status	Jurisdiction	Action	Aerial Apparatus, Fire	1	Available	Fairfax City	Edit, Details
Resource Name	Resource Type	Status	Jurisdiction	Action							
Aerial Apparatus, Fire	1	Available	Fairfax City	Edit, Details							
<p><b>Default Features:</b></p> <ul style="list-style-type: none"> <li>• Search capability on the Resource Name, Resource Discipline and the capability choice selections fields for a specified value</li> <li>• Data filtering by the CAD Deployable flag through the “Filter by” dropdown list options</li> <li>• Data filtering by whether to display defined, undefined or all resources through the “Filter by” dropdown list options</li> <li>• Sort capability on any of the displayed fields by clicking on the corresponding column header/field title.</li> <li>• New record creation by clicking either the “Add Defined Resource” or the “Add Undefined Resource” button</li> <li>• Record editing through the “Edit” button</li> <li>• Button to “Details” to view all the resource information in a read only view</li> <li>• “All Jurisdictions” button to change to the view of all resources shared for viewing throughout the NCR.</li> </ul>											
<p><b>Variation: None</b></p>
