After Actions Board <i>Based</i>	(Version 1.0)	<i>Incident</i>
<p>Description: The After Actions board is used to record observations and suggestions for WebEOC and EOC operations.</p>		
<p>Views: This board provides a list view and an input view for recording after action comments for the default user population and provides a secondary display/input for the OEM team to record actions taken.</p>		
<p>List View – This view lists all after action comments made for the accessed position.</p>		
		
<p>Default Features There are currently no special features for this display view.</p>		
<p>Variation: City of Fairfax changed “Observation” to “Comments or Issues.” Also a search feature was added against DataID, User Name, Position Name and Phone.</p>		
<p>Variation: Loudoun County added a search feature against the Problem, Entry Date, Name, Phone, and Recommendation fields.</p>		

Supported Local Core WebEOC Boards

Input (Edit) View – This view enables the user to make after action comments.
