External Resource/ Mission Tracking (Version1.01) *Incident Based*

Description: This board facilitates the tracking of external resources and missions/tasks for the recorded resources.

Views: This board offers three list views-- one for viewing only, one for editing the resource primary information, and one for modifying the unit/resource assigned personnel, equipment and assignment information—as well associated detail and input/edit views.

List View – The view lists resource units created during an incident.

Unit Name (Designator)	Agency	Category	Unit Type	Current Status	Location	Assignment To	Action
Unit A	US Army	Military	Individual Unit	Assigned	10000 Lee Hwy, Fairfax VA	Ciprian	Edit Details View Map

Default Features

- Print to PDF option that displays a report of the list view data
- Search capability on the Unit Name (Designator) field for specified text
- Data filtering by status or category by clicking on the appropriate button
- New record creation by clicking the “New Entry” button.
- Sort capability on any of the displayed fields by clicking on the corresponding column header/field title.
- *View* button to view/add personnel, equipment, and assignments for the resource/unit.
- *Edit* button to modify the resource/unit information.
- Row colors to designate the resource category.
- Mapping capability

Variation 1: Resource Category

The resource category list and associated buttons and row colors can be modified to work with the jurisdictions categories.

Input (Edit) View – This view is for adding/editing the resource/unit information

The screenshot shows a web form titled "New Record" with a purple header. At the top, there are buttons for "Save", "Spell Check", "Cancel", and "Retrieve Record". Below these is a "Report As" dropdown menu set to "Joan E. Koss". The main section is titled "Resource Information" and contains several input fields: "Unit Name (Designator)", "Reference Number", "Category" (dropdown), "Kind", "Type" (dropdown), "Unit Type" (dropdown), "Agency Owner", "Status" (dropdown set to "Assigned"), "Assignment To" (dropdown set to "Andrea Miller"), "Location (include City, State)" with "Get Address" and "Map It" buttons, "Check In Time" (date/time picker), and "Demobilization Time" (date/time picker). A "Notes" text area is at the bottom.

Default Features

- Date/Time picker code to facilitate proper date format.
- Drop down lists to maintain data consistency
- Spell Check button to ensure correct spelling
- Mapping capability for the resource/unit's location

Variations: None

Input (Edit) View (Personnel, Equipment and Assignments) – These views are for adding/editing each section of data

Personnel

The screenshot shows a form titled "Test Unit" for personnel. It includes fields for "Last Name", "First Name", "Personnel Number", "Status" (dropdown set to "Assigned"), "Report Date/Time" (date/time picker), and "Demobilization Date/Time" (date/time picker). A "Comments" text area is located at the bottom.

Equipment

The screenshot shows a form titled "Test Unit" for equipment. It includes fields for "Equipment Description", "Reference Number", "Status" (dropdown set to "Assigned"), "Issue Date/Time" (date/time picker), and "Demobilization Date/Time" (date/time picker). A "Comments" text area is located at the bottom.
