

Supported Specialty WebEOC Boards

Critical Facilities Board (Version 1.0)	<i>Incident Based</i>																						
<p>Description: This board provides a mechanism to capture critical facility and related status information.</p>																							
<p>Views: This board uses a list view for showing the critical facilities and an associated edit/input view for adding and updating facility information.</p>																							
<p>List View – This view displays the critical facilities entered along with the status information.</p>
