

# Supported Specialty WebEOC Boards

## DOC Status Board (Version 1.0)

*Incident Independent*

**Description:** This board provides a quick view of activated Department Operation Centers (DOCs) for a jurisdiction.

**Views:** Three list views are provided with this board—One to view only the DOC information and status, one for activation edit to indicate the DOC is activated or deactivated, and one to enter and modify the base DOC information. Detail views are provided with all the list views along with the appropriate input/edit views.

**List View** – The list views all display the same information as depicted below. The addition or function of buttons varies depending on the access level granted.

DOC Name	Phone Number	DOC Status	Power Level	Last Updated	Detail	Edit	Map
Family Services	703-3234-1000	CLOSED	Commercial Power	09/15/2011 10:50:51	View	Edit	Map

### Default Features:

- Data filtering by the status value using the filter buttons provided in the header.
- *View* button to access additional details.
- *Edit* button to modify the DOC information or status information. This button is visible to users granted privileges to edit.
- Mapping capability.
- Status background colors for easy identification of a record's status.
- Power level background colors for easy identification of issues.
- New record creation by clicking the *New DOC* button. This button is only visible to users granted privileges to add new records.

**Variations: None**
