

Supported Specialty WebEOC Boards

Email Board	(Version 1.0)	<i>Incident Independent</i>
--------------------	---------------	-----------------------------

Description: This board enables designated users to send email messages to a predefined list of recipients. The email recipient list is managed through a WebEOC view and not HTML.

Views: This board has two components – one to setup the email recipient list and the other to send emails.

Email Recipient View – This board is available to the administrator to setup the list of email recipients for emailing.

Recipient	Email Address
Recipient 1	Sendalert@ean.fairfaxcounty.gov
Recipient 2	Sendalert@CEAN.Fairfaxcounty.gov
Recipient 3	Sendalert@Riccs.mwcog.org
Recipient 4	
Recipient 5
