Exercise Manager Board	(Version 1.0)	Incident Independent																				
<p>Description: This board provides a common approach to exercise program management, design and development, conduct, evaluation, and improvement planning using the Homeland Security Exercise and Evaluation Program (HSEEP) model. The board gives you a mechanism for tracking the exercise components or phases and the status of each throughout the recommend HSEEP life cycle.</p>																						
<p>Views: This board offers one list view with full rights to the exercise life cycle.</p>																						
<p>List View - This view lists the exercise and the status throughout the various components of the life cycle.</p>																						
 <p>The screenshot shows the 'FXC Exercise Manager' interface. At the top, there is a 'New Exercise' button, a search bar, and a 'Filter by Status: All' dropdown.
