

Supported Specialty WebEOC Boards

Medical Facility Status Tracking (Version 1.0) Incident Independent

Description: This board captures Medical Facility Information and status data for power, water and telephone.

Views: There are three list views for this board. One for the administrator to create medical facility records; one for the facility user to update the status information; and one with view only capabilities.

List View – This is the administrator’s list view. That provides additional privileges than the facility user or read only user.

Training - 2014 Print To PDF											
Nursing Homes and Large Group Assisted Living Facilities Status											
New Facility				Search		Clear Search					
Type	Facility Name	Facility Address	City	Phone #	Facility Contact	License Capacity	Generator on Site	Power Status	Water Status	Telephone Status	Action
ALP	Assisted Living Facility #24	1355 New York Avenue NE, Washington DC	Chevy Chase	7036665555	Edward Doe	4000	✓	Commercial Power	Normal	No Service	Edit Details
NH	Montgomery Nursing Home	120 Enterprise Street Sterling, VA 20164	Chevy Chase	8003009811	Jane Doe	231	✓	Generator Power	No Service	Normal	Edit Details

Default Features

- *New Facility* button to create a new record. (Not available on the facility user view or the view only list display)
- *View* button to view details for the corresponding facility record from the list.
- *Edit* button to modify the corresponding facility record. (Not available on the view only display)
- *Search capability* on the Facility Name and Address
- *Sort capability* on the Facility Type, Name and Address fields by clicking the column header.
- *Print to PDF* button to show the information without the various buttons and provide a printable view.
- *Checks* to quickly identify fields that indicate checked equals “Yes” and no check equals “No.”
- Color coded status fields to quickly identify items that have an issue. Yellow indicates a minor issue; Red indicates an issue to address.

Variations: None
