Input/Edit View – View to add/edit polling place issue information.

The screenshot shows a web form for adding or editing polling place issue information. The form is contained within a light gray border. At the top, there is a label "Event Date/Time" followed by a date/time picker. Below this are text input fields for "Name" and "Telephone #". A dropdown menu for "Precinct Name" is followed by another dropdown for "Issue Type". Below that is a text input field for "Issue Type" with a dropdown arrow on the right. A large text area for "Description of the Issue" has scrollbars on the right. Below the description is an "Attachement" field with a "Browse..." button. An "Action Taken" dropdown menu is followed by a "Notes" field with a light blue background. Below the notes is an "Add Notes" text area with scrollbars. At the bottom of the form, there is a gray bar containing "Cancel" and "Save" buttons.

Default Features

- Drop down list to maintain data consistency
- Date/Time picker code to facilitate proper date format
- Browse button to easily attach documents
- Notes fields with the updated by and when line added to the note.
