Property (Building) Damage Report (Version 1.02) Incident Dependent

Description: This board captures property/building damage as part of an incident (and even tracks flood level for water events).

Views: There is only one list view and creating and editing records originates from this view.

List View – This view lists the property (building) damages recorded.

Training - 2012										Print to PDF	
Property Damage Report										Damage Type by: All	
										Livability by: All	
										Accessibility by: All	
New Entry										Search	Clear Search
Location	Contact	Phone Number	Inspection Type	Damage Type	Accessibility	Livability	Flood Level	Last Updated	Action		
4890 Alliance Drive, Fairfax, VA 22030	Tracy Adams	571-350-1000	Initial	Minor	Accessible/Passable	Habitable	Street Flooded	02/24/2012 14:14:07	Edit/View	Map	

Default Features

- Search capability on the Location, Contact and Phone Number fields for specified text
- Data filtering by Damage Type, Livability and Accessibility by using the dropdown list of options.
- Sort capability on any data field.
- *Edit/View* button to view/edit details for the corresponding damage report from the list.
- Mapping Capability
- *Print to PDF* option that displays a report of the data.

Variations: The City of Alexandria modified their list view to include the type of building and then list the Damage Extent and Damage Description information and do not capture the other qualifiers as shown above.
